## SUPERINTENDENT'S MESSAGE Engage! Encourage! Empower!

## FOREWORD

In Montgomery County Public Schools (MCPS), our mission is to ensure that every student graduates career and college ready. The following are some of our division's major accomplishments during the 2013-2014 school year.

- Development and implementation of a new instructional model focused on engaging students in the classroom
- Honored by the College Board for student success on Advanced Placement exams
- Recognized as a Green School Division by the Virginia School Boards Association for implementing environmentally-friendly practices
- All elementary schools met or surpassed federal accountability benchmarks

We continue to have budget challenges as we attempt to balance the needs of our School Division with the reality of limited financial resources. However, MCPS remains committed to providing students with world class opportunities. Partnerships with Virginia Tech, Radford University, New River Community College, and other area cultural organizations provide unique learning opportunities for our schools and our students. Our classrooms are staffed by highly qualified teachers that deliver challenging curriculum. Teaching and learning are our core missions and as such they are the focus of our resources. The College Zone program allows MCPS enrolled students to earn college level credits while taking high school classes. There are also dual credit course offerings, Advanced Placement courses, virtual classrooms, business internships and the Campus Transition program that allows special education students to attend college while they are still students in MCPS.

As we approached the budget development for fiscal year 2014-2015, an extensive review of the existing budget has been accomplished. This review involved a complete analysis of programs and staffing in the current budget. The budget adopted by the School Board reflects this review and the adjustments required to meet these priorities. The main focus has been to preserve the core mission of teaching and learning while retaining and rewarding highly qualified staff. The Superintendent and School Board are committed to efficiently using resources to ensure that a world-class education is provided to serve all students and families of Montgomery County.

Although the budget for fiscal year 2014-2015 will continue to present a challenge, we will remain focused on our goals to enhance student programs, improve salaries for our employees, ensure we provide a safe and productive environment, remain fiscally responsible through community engagement, and continue to provide the best available instructional material in our classrooms. To that end, emphasis will continue to focus on the educational needs of the students of Montgomery County, and we will continue to provide quality instruction that emphasizes differentiation in an inclusive setting. Any restrictions on expenditures will have an impact on the classroom instruction either through the reduction of supplies and materials or by the lack of funding to do repairs and improvements to the school building. Student enrollment during the past year increased slightly, however, it is projected to decrease slightly in the 2014-2015 budget. Meeting the many challenges presented by the federal legislation and the State Standards of Quality and Standards of Accreditation will be a challenge in this budget.

The budget adjustments proposed by the Governor for the 2014-2016 biennium budget for Montgomery County reflects an increase of $\$ 2,410,878$ for fiscal year 2014-2015. This increase does not make up for the total decrease of $(\$ 9,642,842)$ in State revenue for the past seven years. With support from the Board of Supervisors to help offset this decrease, the School Board budget has decreased by $(\$ 2,697,552)$ for the past six years. A slight decrease in the Local Composite Index of $1.87 \%$ decreases state funding slightly. However, other changes in the Governor's proposed budget result in an increase in the current biennium State budget. However, this increase is offset by increases in VRS rates proposed by the Governor. The net impact of the budget changes restricts the School Operating Budget and does not allow for the additional needs and inflation to operate and maintain 20 schools, provide technology to prepare students for the future, and operate an extensive transportation system. The total combined increase in the expenditure budget with limited funding from the state created a total shortfall of \$5,169,114 in the FY 2014-2015 School Operating Budget from the needs based budget approved by the School Board on February 4, 2014.

The School Board must continue to look to the Montgomery County Board of Supervisors for support as the State shifts financial responsibility for state required services to local government. The School Board understands this is a significant challenge with the recent construction of two high schools and the renovation of a high school for a middle school. To meet the needs of the School Division, the Board of Supervisors was asked to make up the shortfall due to limited funding from the state and federal entities. The County was unable to provide additional resources for the operating budget. As a result, the $\$ 5.17$ million shortfall was realized through budget cuts. These cuts included further reductions to field trip and supply budgets and the reduction of 11 staff members in the division.

## BUDGET PLANNING ASSUMPTIONS

- Resources will be directed to ensure all schools are accredited and meet the Adequate Yearly Progress (AYP) requirements of No Child Left Behind.
- Pupil teacher ratios will increase as budget reductions are absorbed.
o Grade K - 3 ratio of 20 to 1 not to exceed 22 to 1
o Grade 4-8 ratio of 21 to 1 not to exceed 25 to 1
o Grade $9-12$ ratio not to exceed 25 to 1
- Total projected student average daily membership (ADM) for March 31, 2015, is 9,475 and is a decrease of 77 students from the budget of 9,552 for March 31, 2014 enrollment. This reflects that the ADM for FY 2014-2015 will dip slightly back to the level of fiscal year 2012-2013.
- State revenue will increase with modest gain as the economy reflects slow growth.
- Additional County funds will be limited as the County experiences a slow growth in local revenue with the gradual recovery in the economy.

The budget process is comprised of planning, preparation, adoption, implementation and evaluation. As we approach the budget development for fiscal year 2014-2015, an extensive review of the existing budget has been accomplished. This review involved a modified zero based process. Programs, functions, and staffing were reviewed to identify possible areas that exceeded needs, areas that required additional funds, and the impact of reducing funds available for all programs. In addition, using the school improvement process we looked at areas that should be updated and realigned with current programs and needs. The budget reflects this review and presents the adjustments required to carry forward the current approved programs and functions. The state revenue and the proposed State Budget for FY 2014-2015 include an increase in funding. This ongoing restriction on resources has a negative financial impact on the school improvement process, and thus continues to limit the improvement process to areas that do not require any additional funding or requires additional reductions. The School Operating Budget has been reduced by $\$ 2,697,552$ in the past six fiscal years. Those items which have been reduced in the budget are still needed. Thus, this review has shown that Montgomery County Public Schools are using the remaining allocated resources as effectively as possible and as approved and directed by the School Board. The Superintendent and School Board are committed to efficiently using resources to ensure that a world-class education is provided to serve all students and families of Montgomery County.

The budget planning and evaluation process began in September and October 2013 with meetings with the directors, principals, and staff. The Governor presented the proposed adjustments to the State biennial budget on December 17, 2013. As a result there was a projected increase of $\$ 2,476,985$ in State revenue. The budget planning priorities identified by the School Board were:

- To design and adopt a budget that preserves the programs for MCPS students to the greatest extent possible.
- To adjust compensation for all employees using a long-term salary plan that includes a competitive benefits package.
- To pursue proper funding allocations to ensure we maintain a safe and orderly environment for all staff and students in all MCPS facilities and transportation modes.
- To design and adopt a budget that reflects the fiscal reality for Montgomery County residents and maximizes available resources and fully engages the community for public education.
- Increase the percentage of expenditures for classroom teaching, teaching support, technology, and instructional materials.

A summary of the Governor's proposed budget was presented to the School Board on January 7, 2014. On January 14, 2014 the Superintendent presented recommendations to the School Board for consideration in their budget request to the Board of Supervisors. The School Board on January 23, 2014 adopted an initial budget request for a public hearing on January 28, 2014. The School Board approved an initial budget request on February 4, 2014 that was presented to the Board of Supervisors for funding.

During March and April 2014 the School Board made adjustments to the requested budget based on estimated funding from the General Assembly and the Board of Supervisors. The final
budget was approved on May 20, 2014. The General Assembly did not approve their final budget until June 12, 2014. The Governor approved the biennial budget on June 20, 2014. The decrease in the projected revenue was $\$ 66,017$. However, decreases in the VRS group health insurance and VRS group life insurance rates decreased planned required expenditures by $\$ 121,247$, resulting in a net change of $\$ 55,140$. This amount was adjusted in the budget and presented to the School Board on August 5, 2014 for informational purposes. The Board approved the changes on August 19, 2014. The following is the calendar for the planning, execution, and reporting for the annual budget.

| BUDGET PLANNING CALENDAR FY 2014-15 |  |  |
| :---: | :---: | :---: |
| DATE | DESCRIPTION | LOCATION |
| July - August 2013 | Closeout prior year 2012-13; Distribute budget for current year 2013-14; Prepare Annual Report 2012-13. |  |
| Sep. 16, 2013 | Annual Report FY 2012-13 due to DOE. |  |
| September, 2013 | Preliminary budget planning FY 14-15. Discuss outlook with Directors and Leadership. |  |
| Oct. - Nov. 2013 | Begin update of the Base Budget for FY 14-15. |  |
| Oct. 15, 2013 @ 7:30 PM | School Board meeting. Adopt budget planning calendar. | County Government Center |
| Dec. 17, 2013 | Gov's proposed budget to General Assembly. |  |
| Jan. 7, 2014 | School Board meeting. Discussion of budget and revenue forecast. | County Government Center |
| Jan. 14, 2014 | Special Meeting for Budget Discussion | County Government Center |
| Jan. 23, 2014 | School Board adopts budget for public hearing. | County Government Center |
| Jan. 28, 2014 | Public hearing on proposed budget. | County Government Center |
| Feb. 4, 2014 @ 7:30 PM | School Board meeting. Approve initial budget request. | County Government Center |
| Feb. 7, 2014 | School Board budget request forwarded to County Administration. |  |
| Mar. 13, 2014 @ 7:30 PM | Special Meeting for Budget Discussion | County Government Center |
| March, 2014 | General Assembly approves the 2014-2016 Biennium State Budget. |  |
| Apr. 17, 2014 | State revenue FY 2013-14 updated based on Mar 31 ADM. |  |
| Apr. 30, 2014 | Initial projection of year-end closeout FY 2013-14. |  |
| April, 2014 | School Board budget request updated based on actions of the General Assembly and the Board of Supervisors. |  |
| April 24, 2014 @ 7:00 PM | Budget Work Session. | County Government Center |
| May 6, 2014 @ 7:30 PM | School Board approves final budget for FY 2014-15. | County Government Center |
| May 9, 2014 | Cutoff for submission of PO's for FY 2013-14. PO's must be entered, received, and approved in Munis. Finalize 2014-15 budget documents. |  |
| May 20, 2014 | Project closeout revenue and expenditures FY 2013-14. Proposed year-end closeout plan presented. |  |
| June 30, 2014 | Close out fiscal year 2013-14. |  |

Note: Items in bold are School Board meeting dates.

## EXPENDITURE CLASSIFICATION CODING

## - Personnel Services

All compensation for the direct labor of persons in the employment of the school division. Salaries and wages paid to employees for full and part-time work, including overtime. Includes payments for time not worked, including sick leave, vacation, holidays, jury duty, military leave, and other paid absences that are earned during the period.

- Employee Benefits

Job related benefits provided to employees as part of their total compensation. Fringe benefits include the employer's portion of FICA, pensions, insurance (life, health, disability income, worker's compensation, etc.), Virginia unemployment taxes, and employee allowances.

- Purchased Services

Purchased services includes services acquired from outside sources (i.e., private vendors, public authorities, or other governmental entities, including payments to state mental health/mental retardation institutions for the education of students with disabilities and/or tuition payments to the School for the Deaf and the Blind at Staunton that are made by the Virginia Department of Education on behalf of the school division). Purchase of the services is on a fee basis or fixed time contract basis. Payments for rentals and utilities are not included in this account description.

## - Other Charges

Other charges include travel and staff development costs, dues, subscriptions and miscellaneous purchases. This category includes telecommunications, utilities (including electric, water, heat, etc.), postage, division insurance costs, and travel.

- Materials and Supplies

Materials and supplies include articles and commodities that are consumed or materially altered when used and minor equipment that is not capitalized. This category includes bus and vehicle fuels, textbooks, vehicle and powered equipment supplies, instructional materials, and technology software.

- Capital Outlay

Outlays that result in the acquisition of or additions to fixed assets. Capital Outlay includes the purchase of fixed assets both replacement and/or additional.

## - Debt Service

Debt service includes division cost of principal and interest payments on Literary Fund, V.P.S.A, Virginia Retirement System, and Energy bonds as well as related debt maintenance fees.

## Motto

## Engage! Encourage! Empower!

## Mission

Every student will graduate career and college ready and become a productive, responsible citizen.

## Vision

We inspire learning by providing a nurturing environment, positive relationships, high expectations, and continuous growth.
Montgomery County Public Schools accomplishes our mission and vision through the implementation of the Model for Effective Instruction:

## Core Values

- Physical safety and emotional well being
- Mutual trust and respect
- Open communication
- Accountability
- Engagement and life-long learning

## Demographic Information

- MCPS consists of 11 elementary schools, 4 middle schools, 4 high schools, Independence Secondary (Alternative Education), Rivendell (Special Education) and several administrative buildings.
- Student enrollment is projected to be 9,475. Of the students $17.46 \%$ receive gifted education services, $12.22 \%$ receive special educational services, and $2.41 \%$ receive English as a Second Language (ESL) services.
- Ethnicity consists of $84.31 \%$ as White, $4.65 \%$ as Black, $3.96 \%$ as Asian, $3.52 \%$ as Hispanic, $3.37 \%$ as Unspecified, and $0.19 \%$ as American Indian.
- District-wide $38.11 \%$ of the students qualify for the free and reduced lunch and breakfast program.
- Of the 914 certified teachers, supervisors, and administrators, about $60 \%$ have advanced degrees.
- MCPS expenditures for FY 2013-2014 were \$9,797 per pupil in average daily membership.

The following chart provides a summary of the total expenditures and total revenue budgets for the past nine fiscal years and the approved budget for FY 2014-2015. The average increase in the operating budget during this period has been about $\$ 2.2$ million or $2.71 \%$.

## BUDGET NARRATIVE

The following will provide summary information of the approved budget and is followed by detail information for all budget changes. Information is listed for each proposed increase to the current budget. Proposed increases are included for the additional utility costs associated with the new Auburn Middle School, account management fees for VRS hybrid plan, and math instructional enhancements. The Governor's budget includes a $2.84 \%$ increase in the VRS professional contribution rate and a $0.05 \%$ decrease in the VRS group health insurance rate. Additional proposed increases include the additional cost of VLDP for new hires as of January 1, 2014, long-term disability coverage for the VRS hybrid employees for one year, increase of $2.9 \%$ in health insurance cost, salary increase, restore staffing for In-School Suspension program, restore two math coaches, restore an ITRT position, and restore a leadership position to full contract status. The total changes represent a $2.49 \%$ increase from the 2013-2014 approved budget.

| FY 2013-2014 Approved Budget | $\$ 94,688,186$ |
| :--- | :---: |
| Add: Total Increases | $4,184,873$ |
| Less: Total Reductions | $(1,824,739)$ |
| Total FY 2014-2015 Budget | $\$ 997,048,320$ |

## Budget Increases -

1. Additional Utility Cost New Auburn Middle School and Utility rate increase (3.5\%) - The new school will add about 85,800 square feet of building space and complete HVAC systems. In addition, American Electric Power has requested a rate increase of approximately $3.5 \%$ which will affect all buildings. These two items combined will increase utility expenses by $\$ 125,000$ per year.
2. Account management fees for VRS hybrid plan - The budget includes funding for monitoring, by a third party, of 403 and 457 plans, to maintain compliance with the Internal Revenue Service (IRS) regulations. The cost for this is $\$ 5,000$.
3. Increase in VRS Contribution Rate - The State budget includes a 2.84\% increase in the required contribution rate for professional employees VRS rate for a total rate of $14.50 \%$ and a cost of $\$ 1,377,166$.
4. VLDP Cost for New Hires - The cost associated with the disability portion of the VRS Hybrid plan will be $\$ 9,300$.
5. Long-term Disability Coverage for VRS Hybrid Employees - The board has elected to cover a one year gap in long-term disability coverage for the first year of employment for VRS hybrid employees. The cost for this is \$4,200.
6. Increase in Health Insurance Premiums - The proposed budget includes funds for an estimated increase of $2.9 \%$ in the premium rates for health insurance. This increase of $\$ 300,000$ is based on the past year's increase in paid medical claims and prescription drug claims.
7. Salary enhancements - Based on a salary study, employees will receive a two step increase. One step is a make-up step for unrecognized service in years that no step increase was given and the other step is for the current year step. Employees at the top of the scale will receive a $1.75 \%$ increase. Total cost of salary enhancements is $\$ 2,120,000$.
8. Restore staffing for In-School Suspension programs - The fiscal year 2012-2013 budget reduced the In-School Suspension program. The increase in funds will provide additional staff to support In-School Suspension programs at a cost of $\$ 36,467$.
9. Restore two math coaches - The restoration of two math coaching positions since proficiency in math and higher level math courses continues to be a challenge at a cost of $\$ 127,600$.
10. Leadership staff change - A change in contractual status resulted in a savings in the fiscal year 2013-2014 budget. A portion of the benefits associated with this change need to be restored in the amount of $\$ 25,000$.
11. Restore an ITRT - An instructional technology resource teacher (ITRT) position is restored for a cost of $\$ 55,140$.

## Budget Reductions -

12. Reduce athletic and academic stipends by $\mathbf{1 0 \%}$ - Athletic and academic stipends will remain vacant for positions not filled and additional stipends will be reduced for a savings of $\$ 56,566$.
13. Reduce professional development travel - All department budgets for professional development travel reduced by $25 \%$ for expenditure savings of \$26,763
14. Savings for relocation of ISS, Phoenix, and Rivendell - ISS, Phoenix, and Rivendell programs will be relocated to OCMS for a savings of $\$ 4,700$.
15. Reduce professional services - All department budgets for professional services reduced by $7.0 \%$ for expenditure savings of $\$ 64,842$.
16. Restructure GED program - The GED program will be restructured to consolidate sites for a savings of $\$ 30,000$.
17. Reduce budget for field trips - Reduce the funds available for athletic trips, academic competitions, and other out of school experiences by $27 \%$ for a savings of \$32,116.
18. Restructure summer school offerings - Summer school will use more virtual instruction and eliminate the $9^{\text {th }}$ grade academy for a savings of $\$ 20,000$.
19. Reduce supplies budget - All department and school supply budgets will be reduced by $12.8 \%$ for a savings of $\$ 336,141$.
20. Decrease in VRS Health Insurance Credit Contribution Rate - The State budget includes a decrease of $0.05 \%$ in the employer contribution rate to VRS for the professional health insurance credit for a total rate of $1.06 \%$ and a savings of $\$ 24,247$.
21. Buy Up Insurance Option - MCPS will continue to offer full coverage for single subscriber HMO plans. Employees will have the option to upgrade to PPO coverage for a savings of \$439,698.
22. Savings from Health Insurance Retirement Incentive - The cost of health insurance is a major concern for employees who are eligible to retire but are less than the Medicare retirement age. These are valuable employees but based on their years of service they are usually at the top of the salary scales. As an incentive for those eligible to retire who are less than Medicare age, an incentive is proposed for the employees to retire, work 25 days as a substitute employee, and continue to receive their health insurance premiums paid by the school division for up to four years. The estimated savings in salaries for 5 employees is a budget savings of $\$ 74,000$.
23. Reduce 11 full-time equivalent positions - Decrease positions by 11 FTE's by changing class size, realigning programs, and reducing course offerings for a savings of $\$ 701,800$.
24. Reassign summer school duties - Summer school duties are reassigned to central office personnel already involved in the planning of summer school for a savings of $\$ 13,866$.

The total net increase in expenditures is $\mathbf{\$ 2 , 3 6 0 , 1 3 4}$ or an increase of $\mathbf{2 . 4 9 \%}$. The following lists changes by the major functional areas of Instruction; Administration, Health \& Attendance; Transportation; Operations \& Maintenance; and Non-Instruction.

EXPENDITURES FY 2014-15

STATE - The Governor's introduced budget for fiscal year 2014-2015 included changes for adjustments in enrollment, adjustments for sales tax revenue, changes in estimates for lottery proceeds, and other adjustments to incentive accounts. The overall budget was an increase of $\$ 2,360,134$ in State revenue or an increase of $4.79 \%$. Major impacts of the Governor's proposed budget include:

1. The Governor's proposed budget does not include continued funding for the SOQ 2\% raise received in the prior year $(\$ 586,474)$.
2. Technical changes and adjustments to basic aid for an increase of $\$ 2,176,154$.
3. An increase in lottery proceeds was projected but the budget used the increased amount to fund existing line items that were funded by the State General Funds and thus did not provide a significant increase.
4. An increase in the Retirement SOQ of $\$ 652,494$.
5. The net impact of the Governor's Proposed Budget is a modest increase of $\$ 2,410,878$.

The Governor approved the final State budget on June 20, 2014.
FEDERAL - Grants under No Child Left Behind for Title I, Title II A for Improving Teacher Quality, and for Title VI Special Education grant were reduced in FY 2013-2014 due to sequestration, while other grants have also decreased. This estimate is based on Federal projects approved for FY 2013-2014. The final approval for Federal grants for FY 2014-2015 will not be received until after the start of the fiscal year. Any additional revenue will be requested as a supplemental appropriation to the FY 2014-2015 budget when additional information is received. Federal funds are projected to decrease by $\$ 50,744$. Of major concern for future Federal grants is still the impact of action by Congress to address the sequestration of the Federal budget.

COUNTY - The School Board requested from the Board of Supervisors a budget allocation increase of $\$ 5,169,114$ or $12.28 \%$ from the FY 2013-14 budget allocation of $\$ 42,080,379$. This request was based on the needs of the school division to meet the increase in expenditures to maintain the current quality school system and make up for the loss of State revenue in past several years. The main source of County funding for schools is from real property taxes and the real estate tax rate was increased in FY 2013-2014 from 87 cents to 89 cents per $\$ 100$ dollars of assessed value. In addition, the tax rate for personal property increased from $\$ 2.45$ to $\$ 2.55$ per $\$ 100$ dollars of assessed value for FY 2013-2014. The County Board of Supervisors did not allocate additional funds to the School Board for fiscal year 2014-15. The budget allocation increase request was denied, and County funding for fiscal year 2014-15 will remain $\$ 42,080,379$.

LOCAL - The total local revenue is projected to remain at the same level. The various miscellaneous receipts for rents, tuition, fees, and etc. are projected as per the following page for local revenue.

## Note:

Changes in federal grants are based on approved grants for FY 2013-14. Actual amounts for federal grants will be adjusted through supplemental appropriation during the fiscal year. The approval of federal grant amounts is not received until after the start of the fiscal year.

Student enrollment is expected to decrease slightly as projected by the DeJong and Associates study, Weldon Cooper, and staff projections based on current enrollment. The following chart illustrates the recent past years and projected average daily membership. ADM numbers are projected as of March 31 for each year. The membership used for budget planning for FY 20132014 was based on 9,552 students. ADM for FY 2014-15 is projected to be 9,475 students and is 77 fewer than the current budget level of 9,552. This reflects that the current ADM will experience a small decline. State revenue is projected based on the projected March 31, 2015 ADM enrollment of 9,475.

## ENROLLMENT

## HEALTH INSURANCE

 BUDGET FY 2014-2015The proposed renewal rates for FY 2014-2015 for the plan year that begins October 1, 2014, is an increase of $2.9 \%$ in premium rates. The budget includes an estimated increase of $\$ 300,000$. The proposed renewal includes the Keycare 15 (PPO) and Healthkeepers 15 (HMO) and is modified for minor adjustments to comply with legislative changes. The HMO is the core plan and will continue to be paid by the School Board for the full single premium rate. The PPO plan is available to employees as a buy-up plan. Fully insured plans will continue to be provided from Anthem.

The attached chart reflects the last five years of health insurance premiums and the single premium rates.

| YEAR | PPO | HMO |
| :---: | :---: | :---: |
| 2011 | $7,192.30$ | $\mathbf{6 , 6 4 9 . 8 0}$ |

## SCHOOL OPERATING BUDGET <br> FTE SUMMARY <br> FY 2014-15

The following page includes the staffing for FY 2013-2014 and the adjustments in staffing for FY 2014-2015. The data is presented for approved positions based on a full-time equivalent (FTE) for each category. This includes adjustments that have been approved by the School Board for staffing during FY 2013-2014 school year. The approved budget includes a net decrease of 7.23 FTE.

## Schools Staffing - Operating Fund

 (represented as full-time equivalent positions)The chart below provides two years of staffing history. Additional years will be added, up to five, as this document is updated each year. Data is presented for approved positions based on a fulltime equivalent (FTE) for each category. This includes adjustments that have been approved by the School Board for staffing during FY 2014-2015 school year. The proposed budget includes a decrease of 7.23 FTE's for FY 2014-15.

## School Profiles

Profiles are provided for the 11 Elementary Schools, 4 Middle Schools, and 4 High Schools. Student enrollment numbers are based on September 30, 2014. Staffing numbers are based on the current level of staffing. Pupil teacher ratios are computed based on the projected enrollment and current staffing.

Expenditure data lists the current budget for classroom instruction, media/library support, and office of the principal accounts. For individual school profiles, salary and benefits are not listed by school and only reflected on the summary pages.

## Department Profiles

Profiles are provided for departments and major program areas. These profiles list the current staffing by title or function. Expenditure data reflect the current budget to include the budget for salaries and benefits. Some positions may appear in more than one profile based on listing positions by the department providing supervision versus listing by the program function. For example, Career and Technical Education teachers are listed under each school's profile and also under the program profile for Career and Technical Education.

\$ 4,286,867

Positions:
FTE
Supervisor
1.0

Field Manager 1.0
Admin Assistant 1.0
Dietitian 0.5
School Nutrition Managers 21.0
School Nutrition Workers 76.0
School Nutrition Substitutes 8.0
Total Positions
108.5

NOTES: The School Nutrition Program operates as a separate fund and is a self sustaining operation for salaries, food costs and related services, and equipment repair. The cost of utilities are included in the school operating budget. Expenditures for facilities or major capital items are included in the capital expenditure funding. Revenues are received for the sale of breakfast and lunch meals, the sale of alacarte items, and reimbursements for Federal programs.
